

New from ACEware: Quick Pick Registration Module

We are excited to introduce this new module to our software line. The **Quick Pick Registration Module** simplifies the registration process for your customers and speeds up those high volume registration periods. The module will organize your courses by assigned grouping codes and will display all courses on a single web page. Your customers select one or many courses then advance to the check out process. It's that easy!

Step 3: Select the lectures, courses, and special events you wish to take

Visual and Performing Arts

<input type="checkbox"/> Advanced Beginner Spanish Date(s) and time(s): M from 1:00 PM to 2:50 PM Cost: \$ 0.00 Status: Open	<input checked="" type="checkbox"/> Learning Arabic Language through Culture Date(s) and time(s): Th from 1:00 PM to 2:50 PM Cost: \$ 0.00 Status: Open
<input type="checkbox"/> Advanced Conversational Spanish Session 2 Date(s) and time(s): Th from 10:00 AM to 11:50 AM Cost: \$ 0.00 Status: Open	

"Just registered for the Spring Term and it was mahhhvelous!! It was quick. It was easy. And it was straightforward.

In my experience, these three qualities usually are somewhat mutually exclusive, but the new system [ACEweb] sports them all. Thanks for this great improvement!" Rich (from OLLI at University of Pittsburgh)

Features include:

- Support for courses with a simple fee structure (currently this module does not support optional fees, proxy registrations, BOGO, Course Packaging or Workshops)
- Support for membership programs
- Courses organized based on identified grouping code(s)
- Supports waitlisting
- Essential course information displayed with the course description in a pop-up when customer hovers over the title
- Checkout pages allow customers to toggle between their cart and registration page to make purchase revisions
- Templates to allow for customized wording and styling (Requires advanced template editing skills)

When you are ready to purchase or take a free test drive to see if this module is right for you, contact sharon@aceware.com
